Two petitions dealing with the killing of the unborn coming soon. Language is before the Board of Canvassers. First one is the dismemberment bill with graphic language explaining how the baby is cut apart in the womb, the other is the heartbeat bill. If petition drives are successful and Whitmer refuses to sign, a Citizen's Initiative is a way around her veto of either.

HB4397 supposedly fixes the holes in the car insurance reform bill that won't take effect until 2020.

Christian Marcus spoke about non-compliance of Antrim and other counties concerning the Michigan Organ Donor Law. He will write an article with the details for the Antrim County Times.

Jeff Bergman from 40 Days For Life says the movie 'Unplanned' will be out on DVD end of July. He has volunteered to set up a booth at the Fun Shoot. Gregg asked for names of pastors from attendees to contact to see if they would like to get involved in the prayer vigil in front of the T.C. Planned Parenthood starting Sept 25 and running 40 days. Gregg & Cherie organizing this in Antrim County.

Randy has sold advertising for the Antrim County Times but we need to sell more to make our goal. Rob Bargy brought a 2000 census and spoke on odd wording about where you are residing on April 1.

Randy did a demo on how to tag friends on Facebook. Next meeting Monday July 15. Motion to adjourn. All approved.

Respectfully submitted,  
Cherie Hogan, ACCU Secretary
