

Facts and FALSEHOODS About the Michigan Ballot Proposals, Nov. 8th, 2022

Proposal 1: Let Lansing politicians serve 6 terms in the House instead of 3

Misleading Claim: “This will shorten term limits for state lawmakers.”

Facts: *Most Lansing lawmakers never serve in the Senate* (because there are only 38 Senate seats and 110 House seats). For most Lansing politicians this will double their term in office. The proposal was put on the ballot by Lansing lawmakers to protect their own jobs.

Proposal 2: Dismantle the remaining safeguards against election fraud

Falsehood: “This will protect your right to vote.”

Facts: Vote fraud *disenfranchises everyone who casts a ballot lawfully*,.....Proposal 2 would:
1) Prohibit requiring ID to vote; 2) Legalize ballot harvesting, whereby political operatives deliver absentee ballots in bulk. Nothing could prevent them from steaming open the envelopes and replacing them with counterfeit ballots (ballot have no security features) or throwing them away; 3) Allow private corporations to fund electioneering operations under color of government; 4) Require polls be open for at least 9 days; making citizen oversight impossible; 5) Dismantle the audit process by prohibiting opposing sides from participating and ensuring the process is fair. Audits would **ONLY** be done by elected officials,... no citizens allowed.

Proposal 3: Legalize all abortion, child sexual self-mutilation and eliminates Parental Knowledge and Consent of any act in this Ballot Proposal

Falsehood: “This will keep Michigan’s abortion law the same as it was.”

Facts: Michigan laws does *not* allow for late-term or dismemberment abortions, but under this proposal the Michigan Constitution legalize all forms of the most barbaric late-term abortion, up to the moment of birth, if in the sole discretion of the abortionist it’s needed for the mother’s “mental health.” However, the summation paragraph on your ballot, does **NOT** state this fact!

Even more extreme: *This amendment would create an “individual right” – with NO minimum age – to “all matters relating to pregnancy,” including “sterilization” and even sex.*

***THESE RADICAL PROPOSALS HAVE NO PLACE IN
OUR MICHIGAN STATE CONSTITUTION,...
VOTE NO – NO – NO on ALL 3 of these proposals!!!***
